

From The Editor

Welcome to the EURAS Journal of Health (EJOH)!

From the beginning, we underlined the multidisciplinary frame of our journal in the health field and this current issue presents a good example of our intention. Thanks to all our authors, reviewers and editors.

We continue to invite and welcome works from our international colleagues and look forward to the future submissions.

Thanks for joining us.

*With best regards,
Prof. Zeynep iğdem KAYACAN, M.D.*
